SUMMARY

Computer Science Engineering student with hands-on experience in full-stack development using Spring Boot and MySQL. Skilled in RESTful APIs, database design, and building user-friendly interfaces. Interested in scalable software development combining backend architecture and clean frontend implementation.

EDUCATION

B.Tech – Computer Science and Engineering, DRK College of Engineering and Technology (2023–2027) | CGPA: 7.6

Senior Secondary (12th – PCM), Sri Chaitanya Junior Kalashala (2021–2023)

Secondary (10th – Science), Navodaya High School (2020–2021)

PROJECTS

AI-Assisted Student Doubt Resolution Platform: Full-stack academic support system enabling structured doubt resolution, AI-generated explanations, faculty resource uploads, and analytics for frequently asked questions.

Online Timetable Generator (DRK Group of Institutions): Web-based system with Admin, Teacher, and Student panels. Supports automatic and manual timetable generation with conflict-free scheduling. Built using PHP, MySQL, HTML, and CSS.

SKILLS

Languages: Java, JavaScript, PHP

Backend: Spring Boot, REST API Development

Frontend: HTML5, CSS3, React.js

Database: MySQL

Concepts: OOP, Data Structures & Algorithms, CRUD

Tools: Git, GitHub

DECLARATION

I affirm that the above information is accurate and authentic to the best of my knowledge.
